

BROMSGROVE PRE-PREPARATORY SCHOOL

PUPIL RESPONSIBLE USAGE PARENT AGREEMENT

INTRODUCTION

Digital technologies have become integral to the lives of young people, both within and outside school. At Bromsgrove School we believe that these technologies are very positive and powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, make ideas clearer, promote creativity, can be enjoyable and collaborative, and stimulate awareness of context to promote effective learning.

AIMS AND OBJECTIVES

At Bromsgrove School we want students to be able to use these digital technologies creatively, responsibly and independently. Our Responsible Usage Policy is intended to ensure: that students will be responsible users of digital technologies for educational, personal and recreational use; that they will act in a manner that shows respect to both themselves and others; that the school systems are protected from accidental or deliberate misuse which could put the security of the systems and users at risk.

PARENTAL AGREEMENT

As the parent or legal guardian of the pupil signing the attached, I grant permission for my son or daughter to use the internet in school. I understand that pupils will be held accountable for their own actions. I also understand that some material on the Internet may be objectionable and I accept responsibility for setting standards for my son or daughter to follow when selecting, sharing and exploring information and media. I recognise that the School does everything possible to block access to unsuitable sites.
